"Lay me," lisped the tiny lips
Of my daughter, kneeling, bending

Elder R. M. Gano, formerly a Colonel in the Confederate service, recently held a protracted meeting at Providence Church, balf way between Lexington and Nicholasville, Kentucky. The meeting was con-tinued about two weeks, and resulted in about sevenly confessions -- a number of the most prominent citizens of that locality. The Church News at Hobartown, Episco-

Tyng Jr., in a sermon preached October 18, and published in the Church Union on the 24th, charges modern sacerdotalism and sacramentalism as serious afflictions of the Episcopal Church. He describes those schemes as at war with

Protestant sympathies and principles. Rev. Charles S. Robertson, D.D., is prospering in the American Chapel in the city Paris. The liturgy has been laid aside, and the service is such as is usual in the Congregational and Presbyterian churches. The Chapel is full, and great interest is taken in the advancement of

religion in the congregation. Rev. Mr. Clough, Baptist missionary at Angole, in the Madras Presidency, India, writes July 4th, that fifty or sixty Hindoos have come from the neighboring villages to be instructed in the principles and ob jects of Christianity, and that several of them have received baptism. The Baptists have a school at Toungoo, in Burmab, with sixty-one pupils.

A statement has been printed in several papers that there are probably not more than thirty ministers of the gospel of all denominations in the State of Texas. A Methodist master of Galveston corrects that statement by saying that the Methodist Episcopal Church alone has thirty traveling ministers and forty-five local ones, all at work in that State. The other denomi nations have - me; how many, we are not informed.

The Free Church of Scotland, since its reparation from the Establishment in 1843, when hearly five hundred clergymen volunterily resigned their homes and livings, has built nice hundred churches, six hundred and fifty manses, three theological colleges, two normal or training institutions and five hundred schools. Her average annual income for three years previous to 1868 has been £370,000, and during her twenty five years of existence without Produce & Commission Merchants, State support the sum raised by her amounts to over £5,000,000 sterling.

There are now in Brazil, three ministers connected with the Southern Presbyterian church: Rev. W. C. Emerson, of Fast Mississippi, Rev. Holmes L. Hervey, of East Alabata , and the Rev. J. R. Buird, of South Carolina. The last reached Rio after a long and rough voyage. Rev. G. Portions of the Bible have also been printed in the Marquesan, New Zealand, Gilbert Island, Marshall Island, Ponapean, and Strong's Island languages. To accomplish this enterprise has required an amount of literary and linguistical labor which can scarcely be appreciated except by those who have spent years in acquiring a foreign language, and additional years in the work of patient translation and revision; yet all this has been done exclusively by the English and American missionaries in the Pacific, besides all their other labor. In this important town the Copts have split into parties favoring or opposing the evangelical faith. Some native converts started an evening Bibleclass, attented by quite a number of the priests and two of the Bishop's nephews, themselves priests. The opposition was great; but the leading members of the faity said that it was a laudable thing to study the Scriptures, and should be encouraged. Hereupon the Bishop appointed a meeting to be held each evening from two hours before till an hour after sunset, for the study of the simple Word of God in the vernacular Arabic. This was to be open to all; and that the Protestants agreed to give up their meeting on condition that no other book should be read except the simple Bible-a condition that was agreed to by all. The meeting was kept up until they came to the study of Paul's Epistles to the Romans, which were found to be so evidently a Protestant

now the two parties meet separately. There are frequent inquiries both in private and public concerning negotiations looking to a union of the Methodists and Episcopalians. Last spring, during the sessions of the General National M. E. Conference at Chicago, a communication was received by that body from nine Epis copul Ministers of Newark, N. J., expressing a desire to obtain an acknowledge ment of the importance of the union of the two denominations and proposing the appointment of Commissioners by both de-nominations to hold meetings in the interests of such union, and discuss question relating to it. They asked for a commission of bishops and clergy on behalf of the similar commission to be solicited from the Episcopal General Convention. These nine clergymen are the sole responsible movers in this matter, each acting olely on his own account. Methodist General Convention to meet a In the Political Interests of the People

> THE UNION AND AMERICAN will take the Constitution and laws for its guide, adhering to the teachings of the founders of our government. I will guard with vigilance and firmness the rights of all the people, urging upon all, moderation, forbearance and a steady adherence to and order, thereby enabling the people to develop the resources and advance all the material and other interests of our State and com mon country. Feeling that these are endan gored by the revolutionary schemes of the Radical politicians, who now hold the legislative power of the government, we shall abate noth ing of our past opposition to their measures.

Schools and Education, We will take especial pains to ascertain the tto situation of all our school and educational interests, so as to keep our readers fully posted in regard to those important matters. Too much consideration cannot be given to the sincutional interests of our State.

Our Manufacturing and Domestic Interests.

We shall constantly admonish the Souther people to be self-reliant, and shall do what we may be able to induce the establishment manufactories in our midst for our home pro dgats. To this end we will pay special attention to the cost and Statistics of manufacturing and exert ourselves to encourage the diversification of Southern industries and the developnent of Southern resources.

Our Financial and Commercial Column.

Every department of business has an lumbliate interest in the markets of the country, and in its financial fluctuations and condition. The man who falls to keep himself properly advised as to the rise and fall of the markets, as ontrolled by the laws of demand and supply and the relative condition of the currency, i exposed to constant loss, and must necessarily fall behind his more intelligent and enterprising neighbors. In order to make our paper valuable as well as interesting, we shall make this a SPECIAL PEATURE. Our Daily Market Reports, domestic and foreign, by telegraph, and our City Reports, gotten up at heavy expense, shall challenge the commendation of our best businessmen; while our current Financial Reports from all the leading money centers of the country shall be fuller than have ever been pub ished by any other journal in Tennessee.
